

IMPORT SENATOR FROM ILLINOIS TO BEAT SUFFRAGE

RESERVATION MODIFICATION AGREED UPON?

**Compromise May Be
Effected in Senate
During Day.**

By Associated Press Leased Wire
Washington, March 9.—A modified draft of the republican Article Ten reservation to the peace treaty is understood to have been assented to today by a number of republican leaders working with the democrats for a ratification compromise.

The new reservation was said to follow in general the outline of the original republican proposal adopted last November but to contain a number of changes in wording agreed to at the suggestion of democrats.

Republican senators who helped work out the modifications in the compromise negotiations seemed confident that the new reservation would have the approval of Senator Lodge, republican leader, and even expressed hope that he might himself offer it in the senate. It was understood, however, that democratic leader, Hitchcock, had not given his assent to it.

Democrats Hesitate.
Democratic senators were slow in promising their support, while they weighed the meaning of President Wilson's letter written to Senator Hitchcock yesterday, reiterating his opposition to any reservation which would impair "the full force" of Article Ten. Some leaders predicted, however, that before the day was over it might be possible to tell definitely whether the compromise negotiations were to succeed.

President Wilson's letter to Senator Hitchcock, outlining anew his stand on reservations to the peace treaty, gave a new angle today to the ratification fight in the senate.

Although the president did not say what reservations he would accept or reject, he declared that almost all the qualifications suggested were "in effect virtual nullifications" of the pact. To weaken Article X of the League of Nations covenant, he said, would be to cut "the very heart" from it. While there was no objection to stating the constitutional methods by which obligations under Article X would have to be fulfilled, the president continued, it was mere supererogation to do so, inasmuch as all the great powers recognized in framing the treaty that it was subject, in execution, to the constitutional safeguards imposed by each country.

Military Ambitions.
Special interest was evinced by senators in that part of the letter dealing with militaristic ambitions of other great powers. The president declared that the military party of France was in control of the government there and that "imperialistic policies were by no means dead in the councils of the nations whom we must trust." Without Article X, he said, there could be no certainty of renunciation of plans for territorial aggrandizement at the expense of weaker peoples, whereas, under it, the old pretensions of political conquest will be abandoned. The president mentioned specifically in this connection that Great Britain and Japan before war had begun to find many interests in common in the Pacific.

Woman Kills Consort Then Self—Coroner

By Associated Press Leased Wire
Chicago, Ill., March 9.—Mrs. Ruth Randall, pretty divorcee and former artist's model, who was found dead in her bed last night, with the body of Clifford Blevier, wealthy clubman, by her side, killed the man, and then herself, Dr. Joseph Springer, coroner's physician, decided today.

A poem, apparently written by the woman, was found on a slip of paper beside the bed.

Mrs. Randall was the daughter of H. E. Vale, owner of bakeries in Oklahoma City.

Blevier is survived by his wife, formerly Miss Andree Ganzleria of Paris, France, and two small daughters.

No Strike of Rail Men Now, Decision

By Associated Press Leased Wire
Chicago, March 9.—There will be no strike by the 37,000 railroad maintenance of way men represented in a national meeting here, J. B. Malloy, a grand vice president, said today. The Grand Lodge heads voted today to abide by the decision of their president and executive board to give the Esch-Cummins rail bill a trial and to try for better wages by peaceful methods before resorting to a walkout.

A committee was appointed to prepare the case of the brotherhood so that it may be represented before the wage adjustment provided for in the Esch-Cummins bill in the attempt for higher wages.

CHAOTIC CONDITIONS IN DENEKINE RETREAT DESCRIBED BY BRITAIN

**Says Army Was Lucky to
Get Away—Women and
Kids Executed.**

London, March 9.—Chaotic conditions in the wake of General Denekine's army as it retreated in south Russia before the Bolsheviks are vividly described by a non-commissioned officer with the British expeditionary force. The British soldiers had been as far north as Taganrog, on the Gulf of Taganrog, an arm of the sea of Azov.

"Never have I seen or participated in such a scramble in my life," the soldier wrote in a letter to the Daily News, telling of the flight. "We were lucky to get away at all; and the worst feature of the whole business was that the townspeople of Taganrog turned Bolsheviks to a man at the finish. They looted everything, even taking away the switchboards from the telephone room at the great headquarters."

"At Rostov things were worse. The engine drivers had to be bribed with rum and food to proceed further down the line. The streets of Rostov were swept by hailstorms of machine gun fire, while the bodies of men, women and children who had been hanged on telegraph posts and trees by the retreating Denekine armies were awful to see. The pleading voices and appealing faces of those who could not be allowed on the train were pitiful. The whole scene was enacted in a blizzard of snow and sleet so you can imagine the plight of the women and children."

"This place is nothing more than a den of thieves. One of the hill brigands attacked a sergeant and myself the other morning on the way to breakfast and 'it bristled a bit.' This morning he repeated the dose but we buried him this afternoon with his boots and fur cap on."

Too Many Bosses; Young Man Thought His Car Was Stolen

Howard M. Miller of West Brookline drove to Dixon last evening in his Ford car and parked it on Galena avenue in front of Sterling's drug store. When he went for the car at a late hour it was gone and the case was reported to the police at once. It was thought that the car had been taken by auto thieves and a search was instituted immediately.

At an early morning hour the car was found in one of the local garages. It appears that two cars had been parked near the same place. The owner of one of the cars was in Paw Paw and his wife telephoned to a garage, leaving instructions to have the car taken off the streets. Her husband telephoned to another garage and left similar orders. The result was that both cars were taken to different garages.

Dewey Is Paroled By County Court

Ralph Dewey, aged 15 years, who was arrested by the police several days ago for passing worthless checks, was taken before Judge John B. Crabtree in the county court at 11 o'clock this morning. Dewey has been in the county jail for 22 days and has had time to realize the seriousness of his offense. Merchants who were victims of his actions did not care to prosecute, on account of his years and the case was left to the authorities.

The boy pled guilty to a charge of obtaining money under false pretenses and was paroled to Probation Officer W. H. Winn for a period of one year. He will be required to report to that officer every two weeks, and has been placed in charge of his brother, Ezra Dewey, who resides in South Dixon on a farm.

Miller last evening. The gavel will be presented to the incoming Exalted Ruler when he takes the chair at the installation meeting to be held the first of April.

Work on New City Directory Started

J. H. Kent, manager of the Lehigh Directory Co., of Peoria, compilers and publishers of the more recent city directories of Dixon, arrived in this city this morning with a crew of experienced men to start the compilation of a new directory. Headquarters of the crew during their stay in Dixon will be at J. O. Shaulis' office.

Everything High Except Mercury

George C. Loveland writes from St. Augustine, Florida, that he and Mrs. Loveland expected to be home by March 15, but they've been reading The Telegraph and noticed our weather reports and Mr. Loveland says that owing to our thermometers being so low when everything else is so high they may be a few days late.

Elks' Rehearsal This Eve Important

The rehearsal of the Elks' chorus this evening, in preparation for the minstrel show at the Family theater next Monday and Tuesday evenings, will be of special importance, since the orchestra will have its first rehearsal with the singers. The rehearsal will begin promptly at 7:30 p. m.

HIGHER PAY, BETTER LIVING CONDITIONS, STILL MINERS' PLEA

**Say They Will Be Satisfied
with Nothing Less
in Awards.**

By Associated Press Leased Wire
Indianapolis, Ind., March 9.—The United Mine Workers of America will refuse to accept the findings of the bituminous coal commission unless a substantial increase in wages and improved working conditions are provided. It was inferred in a statement today from headquarters of the organization. Officials of the mine workers were absent from the city and those in charge of the offices refused to comment on the statement.

"Nothing short of a substantial increase in wages and improved working conditions will be acceptable to the United Mine Workers of America," reads the statement.

"The miners are awaiting the decision with much anxiety. We believe the public will understand our position."

Unless a settlement of the controversy is made on such a basis, the statement says, the miners will not feel that full justice has been done. The bituminous coal commission was appointed by President Wilson to work out a suitable wage scale for the miners and report on any plans for improving living conditions after the strike of miners had ended.

"There has been a steady increase in the cost of living since the first of this year," reads the statement, "in spite of the fact that the government represented to labor last summer that living costs would be reduced and that the government would see to it that this was done. Further promises of reductions in the cost of living would fall on deaf ears, as far as the coal miners are concerned, because they have had their experience with such promises in the past, all of which have gone unfulfilled."

John C. Hunt of Franklin Is Dead

(Special to The Telegraph.)
Franklin Grove, Ill., March 9.—John C. Hunt, of Franklin Grove, a lifelong resident of Lee county, passed away at 4:10 o'clock yesterday afternoon of rheumatism and complications. He had been an invalid for 30 years. The funeral will be held on Thursday at 2 p. m. Rev. Manshart will have charge of the services.

Mr. Hunt was 69 years, 11 months and 8 days old when he died. He was born in Nachusa township at Temperance Hill. On February 3, 1872, he was married, and his widow survives, with five children. They are Charles and Warren, of Franklin Grove; George, of Rockford; Howard, of California; and Mrs. Elizabeth Graves, of Nachusa township.

Four years ago Mr. and Mrs. Hunt moved in from the farm and have made their home in Franklin Grove since that time.

Estimate Amount of Grain in Hands of Farmers March 1

By Associated Press Leased Wire
Washington, March 8.—The amount of grain on farms March 1 was announced by the department of agriculture as follows:

Corn, 1,092,095,000 bushels, or 37.04 per cent of the 1919 crop, compared with 855,269,000 bushels or 34.2 per cent a year ago and 1,253,290,000 bushels, or 40.9 percent two years ago.

Wheat, 1,653,539,000 bushels or 17.6 per cent, compared with 128,703,000 bushels or 14.0 percent a year ago.

Oats, 422,815,000 bushels, or 33.9 percent, compared with 590,251,000 bushels or 38.4 percent a year ago.

Barley, 33,010,000 bushels or 22.9 percent, compared with 31,745,000 bushels or 31.9 percent a year ago.

Freight Wreck at Geneva Last Night Delayed Passengers

Passenger service from Chicago on the Northwestern last evening was seriously disarranged by a freight wreck at Geneva, which completely blocked both tracks for several hours. Sixteen cars of an extra coal train, east bound left the tracks at the new bridge over the Fox river, several of the cars going over the trestle, and all trains from the city were late. The Sterling passenger did not reach Dixon until after 9 o'clock.

MANSSION OF OLD DIXON REPLACED BY OIL STATION

**"Little Home" in No.
Dixon Historic
Structure.**

The big brick house at the corner of North Galena avenue and Broadway street which is being razed to be replaced by an oil filling station, probably is one of the most historic structures in Dixon as well as one of the oldest. Very few of the older residents are able to recall when the house was built and all of its history.

Thomas Eustace has furnished a very complete history of the house which for many years and until its recent sale, was known as the "Little Home." Early in 1856, Chalkley Jones and family came to Dixon from Boston, Mass., and Mr. Jones had the house built for his residence. In that day and for many years afterward, the house was looked upon as being the leading mansions in this community.

Its owner and his family were very highly educated and Mr. Jones at all times appeared on the streets of Dixon, very neatly tailored, which won for him the name, "The Dixon dude." The Jones family made their home there for a few years, when the property was sold to the late Judge John B. Eustace, father of Thomas Eustace, in the year 1864. About five years later, in 1869 or 1889, the property again changed hands, being sold to Fred A. Soule, a Frenchman, who made his home here for a few years and then sold the residence to the late James A. Little. The Little family occupied the house until it was sold to the late I. F. Edwards, to whose estate it belonged until purchased last winter by the Standard Oil Co., to be the site of a modern oil filling station.

MALE CHORUS OF ELKS MINSTRELS EQUAL TO BEST

**Will Prove Ability
Monday and Tuesday
Evenings.**

Charles E. Miller, business manager of the Elks' minstrels, the seat sale for which will open at the Public Drug & Book Co. at 7:30 o'clock Thursday evening, went to Chicago this morning to get the special costumes, scenery and "props" necessary for the productions at the Family theatre next Monday and Tuesday evenings. A number of special features of the show demand special settings and persons are assured that every detail necessary to make the performances complete will be attended to.

Mr. Miller reported before leaving the city that the number of telephone calls he had received concerning reservation of seats for the shows greatly exceeded those of former years, and he predicts that the theatre will be packed to capacity both evenings of the show.

And in return for the fine patronage which is assured the Elks are promising the best show they have ever given—and the minstrels of the past have been exceptionally fine home talent productions. The chorus of this year's show especially is worthy of mention and lovers of glee club singing are going to be surprised at the excellence of the chorus singing in the forthcoming shows.

Mrs. Jas. P. Wilson of Polo Is Called

Mrs. James P. Wilson of near Polo wife of the former Representative in the Illinois General Assembly from this district, passed away at her home this morning after an illness of five weeks, death resulting from pneumonia. Funeral services will be held at 1:30 o'clock Thursday afternoon at the home and at 2 o'clock at the Polo cemetery, with burial at the Polo cemetery.

Mrs. Wilson is survived by her husband, who was also a former member of the Illinois State Highway Commission; two sons, Frank and Jason; and three sisters, Mrs. Howard Johnson and Mrs. W. D. Brame of Dixon and Mrs. Thomas Johnson of Colorado. Angier Wilson of this city is a nephew of the deceased.

CHIDE PRESIDENT FOR DELAY IN TAKING PART IN ADRIATIC SOLUTION

**British Say If He Had
Acted Earlier Solution
Was Sure.**

By Associated Press Leased Wire
London, March 9.—President Wilson's reasons for refusing to "escape from Adriatic questions by the back door which the allied ministers were holding open to him," are very strong ones, says the London Times in commenting on Mr. Wilson's latest note to the premiers. This newspaper, which is the only one commenting on the American president's communication, commends him for having "always been consistent while the allies have wobbled feebly from one impossible solution to another."

Notwithstanding its continued support of Mr. Wilson, however, the newspaper generally chides him for "proclaiming himself immaculate on the score of delay" and adds: "Had he always exhibited the firmness and clearness of view he now shows the Adriatic and many other questions might have been settled long ago."

TURKISH SITUATION.

By Associated Press Leased Wire
Paris, March 9.—Premier Millerand has instructed Jules J. Jusserand, French ambassador in Washington, and England and Italy no doubt have imitated him, to communicate to President Wilson general decisions reached relative to Turkey by the supreme allied council and to ask his opinion, says "Pertinax," political editor of the Echo de Paris.

"This was done by way of precaution in view of Mr. Wilson's veto of the Turkish settlement which Washington dispatches foreshadowed," he continues. "Hope is still entertained, however, that America will shoulder her part of the Oriental burden."

Premier Lloyd George of Great Britain proposed on Friday, says Pertinax, "a grand theatrical demonstration at Constantinople—the occupation of the war ministry, the arrest of statesmen working against the allies and the substitution of a moderate conciliatory cabinet for the existing semi-nationalist ministry." He says the dismissal of Mustapha Kemal would also be part of the British premier's program.

"The Paris ministry has persistently pointed out that such blustering intervention could only make things much worse," the writer says, "but it is improbable Mr. Lloyd George will be convinced for he has engaged in an internal political maneuver to appease the 'nonconformist conscience.' Premier Millerand gained a few moments of grace by stipulating no action would be taken until the reply of the allied high commissioners at Constantinople was received."

Titus Asks Wilson to Withdraw Name

By Associated Press Leased Wire
Washington, March 9.—Louis Titus, of San Francisco, wrote President Wilson today asking that his nomination as a member of the shipping board be withdrawn "in view of the circumstances that have arisen in connection with the board's fuel supply."

Mr. Titus recalled that the board considered prices in the recent bids for fuel oil too high and said he had been an oil producer for many years, "and therefore vitally interested in the price of oil."

"Under these circumstances," he said, "it would not only embarrass me to become a member of the board but may readily be the cause of embarrassment to, as well as criticism, of the board itself."

Cashier Killed in Bank Robbery Today

By Associated Press Leased Wire
Kansas City, Mo., March 9.—Glenn Shockey, cashier of the South Side bank, located in the heart of the residential district of Kansas City, was killed during a sensational attempt by four bandits in an attempt to hold up the bank today.

An official of the bank saw the four men reach for their weapons as they approached the door of the bank and attempted to close the door. One of the bandits fired and the shot grazed the cashier's head. An attempt by the janitor to assist in preventing the entrance of the men resulted in further shots being fired. One of these killed Shockey, who was behind the counter.

ITALY IS CAREFUL.
By Associated Press Leased Wire
Rome, March 9.—(Havas)—Italy will associate herself with the allies only in diplomatic steps to be taken regarding Constantinople, says the newspaper Popolo d'Italia, which declares the nation's objects in Asia Minor are of a purely economic character.

IMPORTANT MEET

A meeting of the Dixon Chamber of Commerce for the purpose of re-organization and election of officers will be held at the city hall at 7:45 o'clock Thursday evening, and every member is urged to attend and have a voice in the preparation of work for the coming year. This is the first meeting of the organization since the recent fine membership campaign and it should draw all old and new members together to get their shoulders to the wheel of Dixon's progress.

GERMANS AGAIN INSULT FRENCH ARMY OFFICIALS

**Bremen is Scene of Another
Outbreak of
Their Hatred.**

By Associated Press Leased Wire
Berlin, March 9.—Closely following the incident of Saturday night at the hotel Adlon here in which Prince Joachim Albrecht of Prussia was the chief figure, leading a demonstration against a party of French officers in the dining room, another anti-allied incident is reported from Bremen. The victims in this case also were high French officers who are members of the entente military commission.

When the French entered the barracks in Bremen, to conduct negotiations with German officers, the accounts run, the soldiers sang "Deutschland Uber Alles." The singing attracted a large crowd which roughly handled the French when they left the barracks. The police dispersed the crowd and escorted the officers to their quarters. An inquiry into the affair was opened immediately.

GERMANY EXPRESSES REGRET

By Associated Press Leased Wire
Berlin, March 9.—Germany has expressed her regrets to France for the anti-allied demonstration at the Hotel Adlon here Saturday night when an official French party was subjected to assault at the instigation of Prince Joachim Albrecht of Prussia because its members had failed to stand when the orchestra played "Deutschland Uber Alles."

An official of the foreign office paid a call to the French embassy this morning and expressed the regrets of foreign minister Mueller for the incident. Later, the foreign minister visited M. De Marcilly, the French charge, and personally expressed his regrets, which he begged the charge to transmit to the government of France.

Eight Dead, Others Hurt in Fire Ohio Epileptic Hospital

By Associated Press Leased Wire
Gallipolis, Ohio, March 9.—Eight persons are dead and two are expected to die as a result of a fire which early this morning destroyed one cottage and the dancing pavilion at the Ohio hospital for epileptics. The dead and injured were patients at the institution.

The cottage operated as a hospital for male patients caught fire from the the dancing pavilion. Twenty-five patients were in the hospital at the time. The dead were suffocated. The injured were partly suffocated and burned.

Chicago Schools Face Deficit of \$15,000,000

By Associated Press Leased Wire
Chicago, March 9.—Peter A. Mortenson, superintendent of schools today urged all Chicago school teachers to practice strictest economy and asserted that unless more revenue became available teachers' salaries would have to be cut 35 percent at the end of 1921 or one-third of the schools closed. He said the board of education had "reached the end of its borrowing power" and estimated the deficit this year would reach \$15,029,279.

Corn Reached New Top Season Level

Chicago, March 9.—Although bearish constructions of the government report on farm reserves weakened the corn market at the opening, commission houses quickly took care of all the offerings and then lifted prices to above yesterday's finish. Every future delivery except May reached a new top level for the season. Profit taking by longs checked the advance. Opening quotations which varied from unchanged figures to 1½¢ lower with May 1½¢ to 1½¢ and July 1.39 to 1.39½, were followed by upturns all around.

Oats paralleled the action of corn. After opening ¼¢ to 1½¢ off, including July at 75½ to 76¢, the market rallied sharply.

Provisions were depressed by weakness in the hog market. The strength of grain, however, tended to bring about something of a recovery.

What causes

Indigestion

"Pape's Diapiesin," by neutralizing the acidity of the stomach, instantly relieves the food souring and fermentation which causes the misery-making gases, heartburn, flatulence, fullness or pain in stomach and intestines.

A few tablets of "Pape's Diapiesin" bring relief almost as soon as they reach the stomach. They help regulate disordered stomachs so favorite foods can be eaten without distress—costs so little at drug stores.

Spent Money Foolishly

"I have been a great sufferer from stomach trouble and gall stones. No one knows the pains I have suffered. Since taking the first dose of May's Wonderful Remedy am feeling fine, can work all day and eat anything I want. Have no more distress of palpitation of the heart from gas on my stomach. I have spent a great deal of money on doctors and medicine but got nothing to help me." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. CHURCH NOTES.

CONGREGATIONAL CHURCH.

This evening's entertainment at the Congregational church promises something unusually interesting. Rev. W. C. Cooper, who is here from Solonki, Turkey, in Europe, his missionary station, will tell about the conditions in the Balkans and southeastern Europe. Mr. Cooper was in Solonki during the World War and was personally involved in many trying and thrilling experiences. In order to make it seem more real, he will wear a Macedonian costume while delivering his address. There will be no charge for admission nor will there be any collection. Do not miss this treat.

METHODIST MENTION.

The Junior church will meet on Wednesday at 4:30. Prof. Stearns will give a ten-minute talk. We urge every member to be present.

Prayer meeting on Wednesday at 7:30; subject, "Should We Pray for the Unconverted?" Will you attend?

Next Sunday we begin our "Gospel Services." Rev. Walter Briggs will be with us to help in the singing and preaching. Let us make this a time of refreshing. Come and bring your friends.

TWILIGHT LEAGUE OF BASE BALL TEAMS IS PROPOSED FOR DIXON

Six Team Organization is
Sought By Promoter
H. D. Drake.

A twilight baseball league is the latest proposition to be proposed for Dixon this summer and plans are now under way for perfecting such an organization. The plan has been devised by H. D. Drake, who will have charge of the Browns baseball park this summer.

He will have one team from the shoe factory and expects teams to be formed in the Grand Detour plow company, the Reynolds Wire Screen company, with three others to come in, forming a six club league. The Dixon post of the American Legion will be invited to enter a team in this league and another will probably be formed in the Elks lodge.

A schedule will be drawn for the season, games to be called at 6 o'clock in the evening. The games will very likely be curtailed and but seven innings played. The league will play standard baseball and not the indoor ball that has proven quite popular the last two seasons. Manager Drake will also form a team to play Sunday ball, the organization to be known as the Brown Shoe factory team. This team, however, will not be a member of the twilight league as proposed. The promoter of the proposed league is anxious to have his organization completed as to start of the season at an early date, playing through the summer. The best players from the twilight league will doubtless be selected to make up the regular Brown team to meet out of town teams during the summer. Manager Drake has requested that any who are interested in the twilight league proposition wishing to enter teams, or seeking other information, communicate with him as early as possible.

TRADING ON N. Y. EXCHANGE AT HIGHEST POINT

By Associated Press Leased Wire

New York, March 9.—Shares of various industrial companies which are likely to declare liberal stock dividend distributions on yesterday's ruling of the United States supreme court registered further sensational gains in the early period of today's very active stock market session.

General Motors and Crucible Steel, leaders of yesterday's spectacular movement, were again in the forefront of the dealings. General Motors opened at a gain of four points, but aggressive buying and short covering soon extended its gain to 322 an overnight advance of 21 points and a total of 73 points from yesterday's low.

Crucible Steel lost 2 points at the start, but immediately shot upward showing an extreme gain of 13 points at 240, for a total of 49 points from yesterday's minimum.

Other motor and steel shares were 2 to 5 points over final prices of the preceding session. Shipments, oils and leathers were carried forward to a similar extent on the general advance, but rails made only moderate gains.

Profit taking cut heavily into the advance before the end of the first hour, General Motors falling back 12 points and Crucible Steel 10 points.

Deals up to 11 o'clock were on the largest and most diversified scale of any day so far this year, the turnover approximating a half million shares.

M. E. FOREIGN MISSIONARY—

The Woman's Foreign Missionary society of the Methodist church held its meeting Thursday with Mrs. J. W. Watts and Mrs. Clara Bunell. The meeting opened with song and devotionals, the latter in charge of Mrs. Jacob Lievan. The study chapter was interestingly developed by Mrs. D. G. Palmer. An interesting leaflet, "How It Grows," referring to the Foreign Missionary society and its work, was read by Miss Ada Decker. Mrs. Joseph Beech gave a talk on her work in a school in China which proved most instructive. Chas. Swim gave two delightful vocal solos which were heartily appreciated. Garments which the society has been making for the Mary J. Johnson hospital in Manila, P. I., were exhibited at this meeting. March 17th has been set aside as the "day of prayer" for the society and services will be held at the church. Twenty-six were present at this meeting, enjoying both the program and the social time, with refreshments, which followed.

SIXTIETH ANNIVERSARY—

Mr. and Mrs. Samuel Hoff celebrated on Saturday their sixtieth wedding anniversary and that evening an oyster supper was given in their honor. As they had been ill, just their children and the members of the latter's family were present. The guests included Mr. and Mrs. J. O. Hoff and family and Mr. and Mrs. Ephraim Weigle and their son and daughter-in-law, Mr. and Mrs. Harry Weigle. The honored couple were presented with some handsome cut flowers by their children and with numerous other gifts. A sixtieth wedding anniversary is indeed a rare event and the congratulations given Mr. and Mrs. Hoff were many. Mrs. Hoff's maiden name was Maria Reiz. For sixteen years Mr. and Mrs. Hoff have resided in Nachusa and previously to that resided for many years on a farm on the Franklin Grove road.

MOTHERS' MEETINGS—

Miss Alta Vail, Kindergarten Supervisor, has issued invitations to the mothers of the kindergarten pupils to attend Mothers' meetings, in the kindergarten room of the North Central school on Thursday, March 11, at 1:30 p. m., and in the kindergarten room of the E. C. Smith school at 1:30 p. m. Friday, March 12th. Interested fathers and friends are also welcome. There will be no kindergarten Friday on the North Side because of the South Side meeting and on the South Side there will be kindergarten at nine o'clock Friday morning in lieu of the Thursday afternoon session which will not be held on account of the Mothers' Meeting on the North Side.

This time of year old potatoes are beginning to be a bit difficult to cook. They lose their fluffiness when washed, turn black when plain boiled or scalloped and are trying generally.

If one washes potatoes and lets them stand in cold water for two or three hours before peeling, they will not only be easier to peel, but will cook better.

Even if the potatoes are not wilty it's a good plan to pare them and let them stand in cold water for an hour before cooking. The potatoes must be well covered with water and the colder the water the better.

For fresh friend potatoes one may pare the vegetables, slice into cold salted water and let stand for 30 minutes. Then drain and fry. This cold water treatment is very effective and lessens the temptation to buy new potatoes.

Menu for Tomorrow.

BREAKFAST—Orange juice, French toast, coffee.

LUNCHEON—Corn-meal bunny, pickles, Scotch shortbread, tea.

DINNER—Roast chicken, mashed potatoes, Brussels sprouts, asparagus salad, cranberry jelly, Parker House rolls, orange rice pudding, coffee.

My Own Recipes.

If Brussels sprouts are a bit steep, substitute creamed onions. Select tiny ones, not because they taste better, but because they look nicer. A cook needs to think of food from all angles. Nourishment, combination of flavors and looks. As chicken is a mild meat, the vegetable needs to be of decided flavor.

CORN-MEAL BUNNY.

1½ cups hot corn-meal mush.

½ cup milk.

1 cup cheese cut in small pieces.

2 hard-boiled eggs.

1 tablespoon butter.

1 teaspoon salt.

Paprika.

Toast triangles. Add salt to mush when cooked. Chop eggs and add cheese, butter, eggs and milk to mush. Pour over hot toast and add a dash of paprika.

SCOTCH SHORTBREAD.

4 cups flour.

2 cups butter.

2-3 cup powdered sugar.

½ teaspoon baking powder.

Sift baking powder with flour. Rub butter and sugar together until thoroughly blended. Add flour slowly, working it in with the hands. Pack about ¾-inch deep in a shallow pan, prick with fork and bake in a moderate oven until a light brown. Remove from oven and sprinkle with pulverized sugar. Return to oven for a couple minutes. Cut in two-inch squares while hot.

ROAST CHICKEN.

1 4-pound chicken.

1½ cups stale bread crumbs.

4 tablespoons melted butter.

½ teaspoon salt.

¼ teaspoon pepper.
Dress, clean and stuff the chicken. Rub with salt and pepper. Rub the breast and legs with butter and dredge with flour. Pour boiling water in the roasting pan and roast 1 hour. Then remove the cover and let chicken brown. Make a gravy with the juice in the pan. If a moist stuffing is liked, a little hot water may be added to the bread crumbs with the butter. It will take about 1 hour and 40 minutes to roast a four-pound chicken.

A good cook seasons her viands with kindness.

W. R. C. MEETING—

The Woman's Relief Corps met on Monday in a very interesting session and a considerable amount of business was transacted. Mrs. Viola Straub was elected to the office of chaplain to fill the place left vacant through the

death of Mrs. Nancy Prescott. Mrs. Stackpole was chosen director. It was decided to hold a scramble dinner and rag bee on Tuesday, March 6th, at G. A. R. hall. Members are to come early, bringing something for the dinner, and prepared to sew rags for rugs.

MET AT PARSONAGE—

The Golden Rule Circle of the Grace Evangelical church held an unusually interesting meeting at the home of Rev. and Mrs. C. G. Unangst last evening. The lesson study, the second chapter of James N. Gray's book on Bible prophecies dealing with "God's Covenant with Abraham, or Why He Chose Israel," was discussed by Mrs. Unangst, the leader, in a way which threw much interesting light upon the subject. A large number of the class was present. Business of the class was also discussed, and plans were made for an April social.

ENTERTAIN QUEEN ESTHERS—

The Woman's Home Missionary society of the Methodist church will entertain the members of the Queen Esther's society and their friends at the home of Mr. and Mrs. J. H. Lievan this evening. Mrs. Clendennen, of Oak Park, Conference Secretary of the Young People's Work in the Methodist church, will be here and will give the address of the evening. Musical numbers will complete the evening's program and refreshments will be served. A pleasant and profitable evening is anticipated. During her stay here Mrs. Clendennen will be a guest at the home of Mr. and Mrs. H. L. Fordham.

ST. ANN'S GUILD—

St. Ann's Guild will have a meeting on Friday afternoon at 2 o'clock in the guild rooms of the Episcopal church.

PURCHASE OF FOREIGN BONDS

We wish to call the attention of investors to the purchase of foreign bonds which by reason of the favorable rate of exchange between the United States and foreign countries at from one-half to one-third of the price which would have been obtained prior to the world war.

At this time we call your attention to the purchase of REPUBLIC OF FRANCE 5% Victory Loan Bonds due in 1931.

These bonds are a direct obligation of the Republic of France. They are called "Rentees" and are supplied in denominations of 1,000 Francs. The interest is at the rate of 5% per annum and is payable quarterly in Francs in New York free of charge at the rates of the day. These bonds are free of all present or future French taxation.

The normal or pre-war rate of exchange between France and this country at par was 5.183 Francs per dollar. Francs are now selling in New York at between 13 and 14 Francs per dollar.

This means in plain language, divorced from all technical financial terms, that you can buy a 1,000 Franc 5% bond of the French Republic for about \$70.00 cash and if the exchange rate between the countries goes back to the normal or pre-war rate, this same bond would be worth about \$198.00. In the meantime the bond draws 5% interest at the par rate, payable in Francs, of course.

The Republic of France is rapidly getting on its feet both financially and economically and our best financiers recommend these bonds as safe investments.

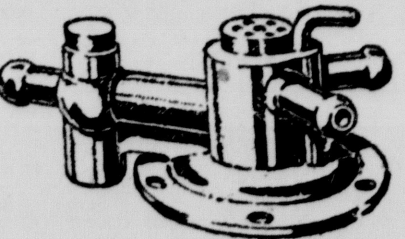

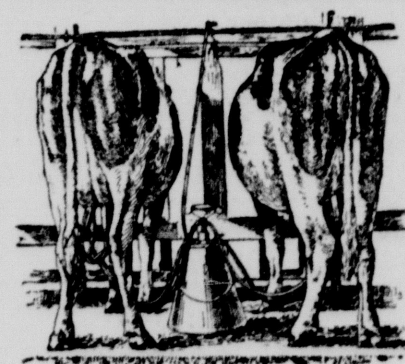

Our bond department would be glad to arrange with you for the purchase of any amount of these bonds or the bonds of any other foreign government you may select, all of which may now be purchased on favorable terms.

We again offer the assistance of our loan department to help you finance the purchase of bonds if you wish. That is, you may buy a bond of us or any number of bonds, make a partial payment on them and we will carry you on your note with the bonds as security for the balance, allowing you to pay off the note at your convenience.

Why not buy one or more bonds on these terms. Come in and talk it over with us and make a selection from our large and carefully selected list of securities.

EMPIRE MILKER

For the last 5 years we have sold and installed the Empire Milker. All these machines are in use and giving good service. They are made of nickel, silver and aluminum, in 35-, 50- and 70-lb. pails. You can buy the single or double unit, that is to milk one or two cows with each pail.

This is a half size cut of the Pulsator. It has no piston or leathers to wear or get loose and leak.

An Empire user in Dixon said of his machine after 18 months' use, "I have got enough extra milk this year to pay for my machine."

One man with two Empire Double Units can milk from 25 to 32 cows an hour.

What will this save you in labor?

No Waste Motion Here

The packing business is noted for the elimination of waste in manufacturing.

Swift & Company is equally effective in saving waste in the distribution of products.

From ranch or farm to your meat dealer there is no loss of time, money, material, or motion.

Four hundred branch sales houses in large cities and towns, hundreds of regular refrigerator car routes reaching small towns, all directed by wire from a central point, bring meat products from our packing plants located in producing areas, to retailers in all parts of the country in the best possible condition, in the least possible time, at the least possible cost, and over the most direct route.

The total expense, for manufacture, freight, and selling direct to the retailer, is less than three cents per pound on all meat sold.

Our profit from all sources is only a fraction of a cent per pound.

Competition compels this close-cut saving. Large volume of business, a well-balanced, nation-wide organization, and expert attention to details by men who know, make it possible.

We are in your service—at least expense and profit.

GETTING READY TO GO

Dixon commenced to stir in her sleep not long ago and recent developments find the civic spirit of this city not only wide awake, but marshalling its forces and getting ready to launch a campaign for a better, greater Dixon. It appears that Dixon is getting ready to go. Well, let's go.

An unbiased spectator would say that the time was ripe for some action in city progress. Certainly we have been deliberate and dignified and conservative in our city boosting up to this point. We can be pardoned now if we show a little more life and pep and start to go somewhere.

The official census figures on Dixon's population have not yet been announced from Washington, but forecasts, based on partial reports from the census takers, indicate that there has been but little growth of population in Dixon in the last ten years. Certainly this is not very good advertising for Dixon but it is useless to try to conceal it. What Dixon must do is cheerfully admit its shortcomings and get busy with the elimination of them.

The ground work for progress has been laid in the reorganization and rejuvenation of the Dixon Chamber of Commerce, which is still in process, and in the organization of the Kiwanis club of Dixon. These two bodies of citizens will do much for Dixon.

The individual citizen in Dixon is fully alive now to the need for greater community boosting spirit. The poll for Chamber of Commerce memberships was practically unanimous. This big body of public spirited men and women is anxious to serve, willing and this great power of energy and enthusiasm simply needs organization and wise guidance to accomplish progress beyond Dixon's wildest hopes.

Opportunities are many now, but they travel fast. Lively is the word, Dixon. We can accomplish our aims if we go at it hard enough.

Allright. Let's go.

CURTAIL YOUR BUYING

L. Shepp Company, New York importers, in a letter to their customers, point out some important facts bearing on the sugar situation which could well be heeded by individual buyers of sugar. The letter says:

Sugars are accumulating all over the world. If users will continue to buy only as they require, the raw sugar market will go down, thus enabling the refiners to produce sugar at lower prices.

The present low price of exchange has affected business all over the world, so that all products will soon sell at decidedly lower prices, especially luxuries.

Hence, business men will buy conservatively on a declining market.

The drastic decline in exchanges, all over the world, is just beginning to have effect on business, causing holders to sell their goods to release funds to pay for speculative holdings of goods of various kinds, also contracts.

Conditions are such now that it behooves everyone to work more and play less—abstain from extravagance, luxury and waste.

The man or woman who is extravagant is acting selfishly and against the best interests of the community, as they are the ones who maintain and encourage the present high prices.

To be humane, to be just, to be patriotic to your fellow mortals and your country is to be unselfish and considerate toward others.

To flaunt extravagance, at present, is very inconsiderate.

FIRE VS. CONTAGION

Fire departments are maintained to prevent fires and to fight fires when they happen; health departments are designed to prevent preventable sickness and to control

preventable or contagious diseases when they exist.

When a fire occurs your first thought is to turn in an alarm to the fire department in order that the trained fire forces may get on the job immediately, control the fire, prevent a general conflagration and save property. first thought should be to turn in an alarm to the health department in order that the trained health forces may get on the job promptly, control the source of danger, prevent a general conflagration (epidemic) and thus save sickness and human life.

Unfortunately, however, the first thought of far too many selfish people in the presence of a contagious disease is to conceal the case, to refrain from turning in a report to the health department and thus be permitted to "enjoy" freedom which means to "enjoy" the sowing of disease, sickness, sorrow and the anguish of death among his friends, neighbors and fellow citizens with restraint.

It is vastly more important to report an outbreak of contagious disease than it is to report an outbreak of fire. The former is for the purpose of preventing sickness, death and sorrow of our fellow citizens, the latter is for the purpose of saving property. Property can be restored, life cannot be restored.

Any person who wilfully ignores the laws and regulations prescribed for the control of contagious disease is not one whit better than the firebrand who sets fire to your home while you sweetly sleep therein or the thug who creeps upon you in the dark and stabs you in the back. Think it over.

SPREADING.

The wealth of the United States is no longer concentrated in the east. Twenty years ago the banking power of the country was mainly concentrated in the national banks in the New England and eastern states. Comprising only 6 per cent of the territory of continental United States, these states nevertheless held about 60 per cent of the total resources of all the national banks in the country.

Today, though the banking resources in these states have increased over seven billions, banks in these states only hold 46.78 per cent of the total, instead of 60 per cent.

Since 1899, the growth of bank resources in the middle western states has been 363 per cent; in the 14 southern states the growth has been 889 per cent; in the eight western states the growth has been 500 per cent; and in the Pacific states the growth has been 134 per cent.

Wealth is spreading all over the United States, instead of remaining concentrated in the east.

And so Germany will try her own war criminals. If one may judge from present conditions she will also take her own time about paying up.

JUST JOKING
A BOY OF METHOD.

It was the week before little Willie's birthday and he was on his knees at his bedside petitioning Divine Providence for presents in a very loud voice.

"Please send me," he shouted, "bicycle, a tool chest, a—"

"What are you praying so loud for?" his younger brother interrupted. "God ain't deaf."

"I know he ain't," said little Willie, winking toward the next room, "but grandma is."—London Opinion.

Today's Poem
by EDMUND VANCE COOKE

THE INFALLIBLE SIGN.

BY EDMUND VANCE COOKE

I heard the robin's luring note
Pentastic from his throbbing throat.
I saw him, like a flying flower,
Or gnat of sunshine in the shower.
My heart leaped up to hear him sing:
Said I "The poor simp thinks it's spring."

I saw two lovers strolling by,
Palm pressing palm, eye searching eye.
A waft of Tennysonian song
Perfumed the path they passed along.
I caught the glister of a ring
And said, "Poor boobies! they think it's spring."

I saw a farmer break the husk
Of Mother Earth from dawn to dusk.
Behind his patient plow he bent
As back and forth all day he went
And gloried in his task. "Poor thing!"
I said, "He really thinks it's spring."

An out-door sound: a sound I love!
A sphere colliding with a glove!
The bat-thwack of a ball hit fair!
A chorus shredding all the air!
An umpire in a clamorous ring!
"Ah, now," I said, "This—is it spring!"

BEER, BOOZE OR BUST!

Uncle Sam M.D.
"UNCLE SAM, M. D., will answer questions of general interest relating to hygiene, sanitation, and the prevention of disease. Address: INFORMATION EDITOR, U. S. Public Health Service, WASHINGTON, D. C."

KEEP CHILD IN OPEN AIR.
In the absence of complications children having whooping-cough should be kept in the open air during the day and on a sleeping porch at night when possible. When there is no sleeping porch windows in the room should be open. They should be well clad, the clothing heavy enough to prevent chilling and light enough to prevent the child from becoming overheated or tired by the weight of the clothing.

As long as the child has fever or is weak, it should be kept in bed. When possible, the bed should be placed on a porch, or in a tent, on the roof, or in the yard. The sides of the tent should not be put down except for the purpose of keeping out rain. The bedclothes should be so arranged that the covers cannot be kicked off.

It should be remembered that pneumonia is a frequent and serious complication of whooping-cough and that cases with a tendency to bronchitis should not be unduly exposed.

Cool, not cold, fresh air is what is desired, and in stormy weather the patient should be kept in a well-ventilated room at about 60 degrees Fahrenheit. If there is any suspicion of bronchitis or pneumonia.

Inasmuch as dust provokes the paroxysms of coughing, it may be necessary to sprinkle the roof or yard in which the child is kept.

The diet should be such as can be easily and quickly digested. Soups, pasteurized milk, eggs and the like should be given frequently. The matter of the treatment of the disease is one to be left to the physician attending the individual case.

ANSWERED.

Q.—Please send me pamphlets on Bright's disease and tell me if a person who shows a slight trace of albumin can be cured.

A.—We have no pamphlets dealing with Bright's disease, and we can only give you very general advice regarding diet. In trying to determine the character and severity of the disease, one does not rely so much on the quantity of albumin in the urine as on the character of the sediment, as revealed by the microscope. In addition to this, a careful inquiry into the symptoms and an examination of other organs in the body, especially the heart and arteries, is necessary.

Q.—I have two red spots on the back of my leg, near the knee. They came about six months ago, were very itchy, and recently when I scratched one it bled and then formed a scab. I thought it might be syphilis and had two Wassermann tests made, five months apart. Each one was negative. So far as I know, I never contracted syphilis.

A.—It is not likely that your trouble is syphilitic, and you will probably do well to go to a good skin specialist and have him treat the red spots described.

Q.—I have been overseas twenty-two months, and now am much troubled with dandruff and falling out of the hair. Please give me advice.

A.—It is probable that you are entitled to free medical care and treatment by the Public Health Service under the provisions of the War Risk act. If you will send me your name and address, I will tell you how to make application for treatment.

30 YEARS AGO IN DIXON TELEGRAPH

Supt. of Schools P. M. James spent the day in Dixon on business. Joseph Meurer, of East Grove, committed suicide by hanging himself in the cellar of his home.

Mrs. Eva Shaw, of Lee Center, suffered a broken leg when she was thrown from a buggy in which she, her husband and child were riding, when the team ran away.

Some enormous walnut logs were delivered to the Dixon depot from down the river for shipment. The excellent sleighing made possible to handle the big timbers, to haul each of which four horses were necessary.

The Telegraph said: "Clyde Smith, a promising young attorney of law at Paw Paw, is in the city. He is making arrangements to make Dixon his future home and his parents, Mr. and

Confessions of a Bride
(Copyright 1920, by The Newspaper Enterprise Association)

Bob kissed me as if to inform me that a kiss would atone for any differences between us. It did not atone, for me. But what was the use of telling him so? I felt that he wanted to end our too-revealing conversation. And I thought that perhaps man is wiser than woman in wanting to avoid the discussion of a subject about which they must forever differ so tremendously.

We Intend to Stay with the Bandits to Discover Their Plot.

"We must plan to get away from this hacienda, Jane. We'd better speak of it now. Who knows when we will be alone—together—again?"

"Before we talk it over, Bob, I must tell you something awfully queer—and important, too. Jim, Jr., discovered machine guns—scores of them—with plenty of ammunition—stored in coffins under the eaves of the long abode building next the big field. Jim saw them when he was mending a wing of his airplane."

Quite forgetting that he was shamming a stupor, Bob sat up in bed. I had to push him back on his pillow.

"Be careful," I pleaded. "If a servant should open the door—" "I'd have small chance of ever getting out of this hole," Bob murmured. "I'm not your most important interests in Mexico, Bob." My husband moved uneasily. "No—I'm not thinking of the tiger-lady this time, my dear. I've made a discovery which matches Jim's. I have found a great quantity of rifles and automatics and other military stuff which I don't understand—maybe hand grenades—all stored compactly in an upper gallery of the bandit's cave!"

"An upper gallery? So that's where Don Manuel and our old friend Certels were hiding?"

I nodded.

"Jane Lorimer! Don't you believe that I'll ever be tempted to get very very far away from you again. The most exciting situations I've ever been in have been invented for me by my wife! Change is the law of a happy life—maybe. I can get all the change I can stand wherever you happen to be, my dear."

"I talk sense, Bob! Consider the tension existing between the United States and Mexico at this very moment. I should think you'd better stop looking at it as an entertainment, dear love."

"I'm considering all of it. And I'm wondering if you realize what an important discovery you've made, Jane. Probably you do not. You haven't read an American paper for days. Neither have I. But Morrison has his own men who keep him posted. A courier informed him, just before his train left the outlaw's cave, that most important negotiations are in progress between the countries each side of the Rio Grande. The courier reported that the secretary of state had informed the Carranza government that the Washington government was 'surprised and incensed' over the arrest of an American consul in Mexico."

"I see," I said. "And if there's going to be serious trouble—I'm glad we're here—together."

"Darling—you're the best sport I ever saw, for a woman. Now—listen!" Bob drew himself up so that he could whisper in my ear. "If you'll stick—no matter what happens—we'll not make the slightest attempt to get away from here for some time!"

"You mean—not until the trouble between the two countries is settled whether for peace or—"

"Just that," Bob replied. "You—we—can perhaps do our own country an enormous service by watching the two big men who are sending out their lines from this very hacienda, trying to start a war!" Morrison reported that at least ten rich American ranchers had been trapped by bands of raiders—and are held for ransom."

"And you think it is mostly to embroil the two countries?"

Bob nodded, then said: "I think we'd better stay right here, for one thing. Are you with me, dear?"

"When I'm not jealous, I'm always with you, Bob," I replied with one of my nicest kisses.

"This little sham of mine is going to work out great, my dear. Please don't be surprised—or nor hurt—whatever I do. For the sake of doing the most for Uncle Sam—I'm going to be—as I was—for months, you know."

"Shall I shock? No, Bob, no! I can't stand that!" Isn't there an easier way?"

Colony Truck Hit and Broke Iron Post

Two of the big army trucks now in use at the state hospital grounds, started in on a tour of destruction about 1:30 Monday afternoon at the corner of Galena avenue and First street. One of the trucks was towing another down the Galena avenue and when the first truck made the turn off of First street, the driver of the second turned too short.

The front of the truck struck one of the big steel light poles, snapping it off. Wires attached to the broken pole tore one of the lights loose from its moorings across the street beside the City National bank building. The wrecking force from the power house arrived on the scene shortly and repaired the damaged light and cleared away the wreckage.

BIG BOND ISSUE FOR SCHOOL FOR DISTRICT IN LEE AND OGLE WON

Board of District 212 to Now Advertise for Bids on Building.

Rochelle, Ill., March 8.—Only a light vote was polled at the school election held in the city hall, Saturday afternoon. The proposition, "Shall bonds, for the purpose of building a school house on the site of School District No. 212, of the Counties of Lee and Ogle, in the State of Illinois, in the sum of \$150,000 be issued by the Board of Education of said district?" carried by a vote of 287 to 77. While 389 ballots were cast five were thrown out by the judges on account of irregularities.

The next step will be for the school board of District 212, to advertise for bids according to specifications drawn up by Spencer & Son, Chicago, architects.

Oregon Beat Rochelle.

Oregon won two of the three games of basketball played with Rochelle quintets, Friday evening. A double-header was played on the local floor. The Oregon lightweights defeating the Rochelle Freshmen 7 to 5 in a curtain raiser and the Oregon town team bagging the main bill in the final minute of play by shooting a basket and winning 17 to 16. At Oregon the high school five fared better winning a close game 17 to 15.

In Debating Contest.

Miss Agnes Walker, a daughter of Mr. and Mrs. James G. Walker, tied for first place in the Coe College debating finals, dividing honors with Miss Thelma Beatty, of Cedar Rapids, a member of one of last year's teams. Miss Bertha Biederman, of Grafton, Iowa, was awarded third place and special honorable mention. Eight young ladies competed in the finals, six of whom were chosen as members of the teams which will represent the school in the debates with Cornell and Iowa Teacher's College. The two eliminated are to become alternates. The cash prize of \$25, which was to have been awarded \$15 to the best and \$10 to the second best debater as shown in the final tryouts, will be divided between Misses Walker and Beatty, and in addition each member of the team receives a gold "C". The question for debate is: "Resolved, That Congress Should Enact Legislation Providing for Public Service Corporations."

CEMENT CO. TO BUILD HOUSES FOR EMPLOYEES

Ten Cement Block
Structures to Be
Erected Soon.

Plans to house families of employees at the Sandusky cement plant east of Dixon have been formulated and a building program is to be followed out just as soon as the weather will permit. Ten houses of cement block construction are to be built on the company property west of the intersection of the Daysville and River roads.

The plans call for six and eight-room houses to be absolutely modern throughout. Work of excavation will be started as soon as the frost is out of the ground. The cement block construction will do away with the use of a great amount of lumber and will provide suitable and attractive homes for employees of the plant.

Just yellow Mustard for Backache, Lumbago

Grandmother's old mussy mustard plaster or poultice generally brought relief allright even in the severest cases, but it burned and blistered like blazes.

"Heat eases pain," reduces the inflammation and soothes congestion but you'll find that while Begy's Mustardine, made of true yellow mustard and a n d other pain destroyers is just as hot as the old fashioned plaster it is much quicker, cleaner and more effective and cannot blister.

It's a great external remedy—just rub it on wherever aches, pains, inflammation, congestion or swelling exists and in a very few minutes the relief you have longed for surely arrives and 60 cents at druggists or by mail, S. C. Wells & Co., LeRoy, N. Y.

RESENTMENT.
CHAPTER 80.

I tried to reply to Marion Hovey's tirade, but I was almost stupefied at the charges she had hurled at me. Then her confession that she loved him—she had almost said she had hoped he would marry her—had almost taken my breath. To think that such a little nobody, a girl whose sole accomplishment was that she knew how to cook and keep house, should tell me, a successful business woman, that she loved my husband, and that I had been his ruin.

"If you have finished, Miss Hovey, I will go," I finally said, rising.

"Finished? Why, I can go on talking for hours. Robert was always so gallant, so gentlemanly. He isn't any more. He is like a person who has had all the life crushed out of him. Like a disappointed old man. All I wish is that he had spunk enough left to go away—to leave you!"

"And marry you," I returned angrily.

"I did not say that! But even that would be better than the way he is doing. At least I think I could keep him from pool rooms and from drinking. I would at least give him a home, and try to make him happy."

"If you lived on what he earned, you wouldn't have much of a home," I looked around at her simple but home-like room. "It is easy to talk."

"Robert would soon earn more had he any incentive—that is, he would unless the incentive came too late."

She advanced a short step nearer me, her features, held tight, her hands clenched. Then she went on: "I wouldn't be in your place for anything in the world Mrs. Meredith. Oh you may be clever; your may sell more hats than any other saleswomen in that smart shop where you spend your time. But I would rather die than be answerable for the ruin of a man's life—especially if he was the man I loved."

"You are insulting! If you have quite finished, I will go. And don't think that Robert will not know of the way I have been insulted."

I was furious. She had not only declared she was in love with my husband, but had accused me of ruining him—insulted me in everything she said.

"I expect you would be the kind who would tell," she replied in a tired voice. Then she let me find my way to the door alone. I left her standing in the center of the room, a queer look on her face, half-wistful, half-regretful. Or so it seemed to me.

"It would serve her right if Robert never spoke to her again! He must not go there any more! I won't have it!" I hurried along the streets, talking to loudly to myself that a woman stopped and looked after me.

Dinner was over at the boarding house, but I did not care. I should have choked had I tried to eat. I paced back and forth like a crazy woman for a time, muttering to myself, angry, distressed.

I longed for Robert to come home so I could tell him how his friend had treated me, his wife. It grew late yet he had not come in. I had no light,

but sat at the window in the dark after a time, exhausted with my emotion.

Came a thought:
Could Marion Hovey have by any possibility have been right? Was I in any way to blame for Robert's deterioration? I had tried always to do my best; never had I been selfish with him, either as regarded my opinions, or my earnings. Would he have been happier had we lived in a cheap place, and I given up my position.

I tried to convince myself he would not; that we couldn't possibly have lived without my salary. But down in my heart at last I felt that perhaps if I had tried to make a home when we were first married, when he had a good position and was drawing a fair salary, he might have taken care of me as well as Frank Weed and Carson Murphy had of Jane and Betty.

"It's too late now to think of that," I said aloud just as I heard the door open, and Robert came in.

"What are you sitting in the dark for?" he asked.

"I was thinking."

"It's 3 o'clock. You had better go

to bed and do your thinking in the morning."

Cheap Lunches for Kids Furnished by School Restaurants

By Associated Press Leased Wire
Chicago, March 8.—The Chicago public schools operate "the largest, cheapest and most popular chain of restaurants in the city," it was stated today by the director of these restaurants when he asked the board of education for an appropriation of \$167,000 for operating expenses during 1920-21. The sum is for equipment and service. This year the "Nickel Lunch" supplanted the "Penny Lunch" of other years.

For five cents the pupil may buy soup, cocoa or milk, a baked dish, a choice between two dishes which may include macaroni, beans, spaghetti, rice or meat, and bread with peanut butter or jam, and for desert ice cream, bread pudding, prunes, a doughnut, chocolate pudding or cookies.

Rae Chadwick returned home Monday evening from Chicago where he spent the day visiting with friends.

"What are you sitting in the dark for?" he asked.

"I was thinking."

"It's 3 o'clock. You had better go

Ex-Cop Held as Head of Gang of Burglars

By Associated Press Leased Wire
Chicago, March 9.—Guy Wadsworth, 3 years old, of Dalton, Ill., was held today by detectives from the state's attorneys office as the alleged leader of a band of burglars of whom are under arrest. John M. Lowry, assistant state's attorney, said five of the men had confessed and they said Wadsworth was "a farmer by day and a burglar by night." Wadsworth formerly was a Chicago policeman.

The robberies committed by the gang, Lowry said, had netted them \$100,000 money and merchandise.

"SYRUP OF FIGS" CHILD'S LAXATIVE

Look at tongue! Remove poisons from little stomach, liver and bowels.

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruity taste. Full directions for child's dose on each bottle. Give it without fear.

Mother! You must say "California."

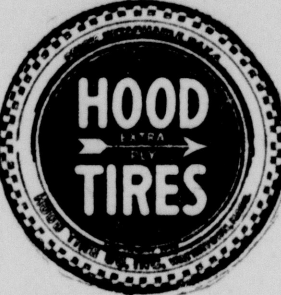

How Much per Mile Do Your Tires Cost?

The next time you need a tire just compare the cost per mile of any so-called "standard" tire with the cost per mile of a Hood Extra Ply Tire of the same size.

On a cost-per-mile basis the Hood is really much the cheapest tire you can buy.

We will be glad to give you proof that this is true whenever you find it convenient to drop into our store.

Wealth Cannot Buy Health or Youth!

All the gold and jewels in the world will not buy back health. It may patch up the broken down machine and make it last a little longer but as an eminent physician recently said: "In the end the old machine wears out."

The body is the most wonderful machine in the world. Its perfection is marvelous but like any delicately adjusted machine it needs intelligent care. Health is worth more than untold wealth.

It has been demonstrated positively—that the human body is merely a collection of cells, and that health depends entirely upon the red blood cells—that carry the oxygen, which is absolutely necessary to maintain human life.

The cells of the body contain 12 different cell-salts—and the absence of these salts causes disease symptoms—just as lack of water causes a plant to droop and die.

These cell-salts attract and retain the oxygen, as it passes from the lungs into the blood, and repair, nourish, revitalize and maintain the health of the cells.

REOLO combines these 12 cell-salts so perfectly that they are easily assimilated by the blood. It has remarkable tonic and reconstructive qualities and furnishes to the blood the invigorating, organic iron—revitalizing, life-giving oxygen and reconstructive cell-salts that nature requires to maintain health, strength and energy.

Don't neglect your health. It's easier to "keep well" than to "get well"—and much less expensive. If you are not feeling well—take the systematic REOLO Treatment that makes rich red blood vitalized with life-giving oxygen and the cell-salts that Nature must have to keep the body strong and healthy.

Steels that make a Maxwell Alert

That quick, sympathetic action you get when you call on a Maxwell to pass the car ahead, to flatten out a hill, to escape from the crowd in traffic has a story.

It's a story of steels.

You can analyze a Maxwell pound for pound with any car built and you will find it quite the equal in fine steels.

A Maxwell had to be made of fine steels. There was no other way.

Because it was built to deliver economic transportation. That meant no superfluous weight. It meant light weight.

But it also meant excessive strength.

Because a rare combination of strength with lightness had to be provided in its steels.

Any metallurgist will tell you that the only answer was the very finest of steels.

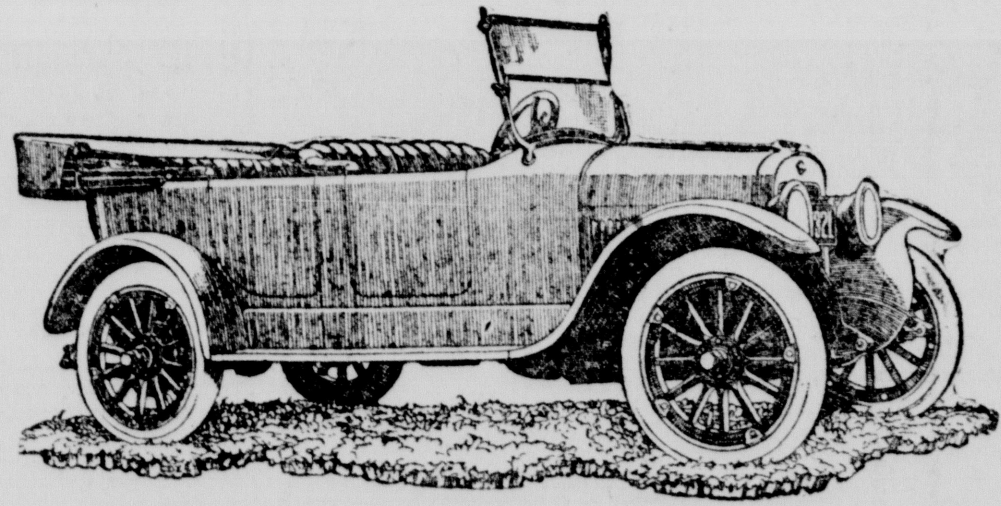

They never burden the Maxwell engine, so when you call for results you get them in a Maxwell.

That's one of many reasons why the friendly drift towards Maxwell continues to increase day by day.

Now there are nearly 400,000 of them on the roads of the world.

The demand so far exceeds the supply that only 60% of those who have set their minds on a Maxwell can succeed in possessing one this year.

Britain Will Not Part with W. Indies

London, March 8.—Premier Lloyd George replying to questions in the house of commons today regarding the suggestion that the West Indies be transferred to the United States in payment of part of the British debt to that country, stated that there was not the slightest intention on the part of the British government to barter or sell any part of the British West Indies.

Tax on Dividends Today Held Invalid

RAIL WAGE BODY STARTS WORKING NEXT WEDNESDAY

By Associated Press Leased Wire
Washington, March 8.—Representatives of the railroad brotherhoods and the roads will meet here Wednesday to begin negotiations looking to a settlement of the wage demands of the 2,000,000 railway workers. The machinery with which an effort will be made to settle the dispute is that provided for in the railroad bill.

Decisions to start the wage adjusting machinery on Wednesday was reached at a conference today between Director General Hines and T. DeWitt Cuyler, president of the National Association of Railroad Executives. Director General Hines will open the first meeting and is expected to lay before the representatives suggestions in line with the government's experience with the railway wage problem.

After the first meeting, Mr. Hines will withdraw and the board will continue with only its official membership.

The brotherhoods will be represented by the executive heads of the fifteen organizations which have stood selected by the Association of Railway Executives to represent the corporations.

Spokesmen for both sides of the controversy anticipate a long drawn out fight.

Suggests Dixon Have Celebration on 90th Birthday

When invitations were mailed out Saturday to the banquet of the Dixon Kiwanis club, Secretary H. H. Heinze enclosed slips to be filled out with suggestions. Some of these are being received and will be read at the banquet Wednesday evening at the Elks' club, when the charter will be delivered to the Kiwanians.

One very original and interesting suggestion which has been mailed back to the secretary is brief and says: "April 11, 1920, will be Dixon's 90th birthday. Why not plan to celebrate it as such?"

LEE CO. SHARE SCHOOL FUNDS IS \$22,447.31

County Superintendent L. W. Miller is very jubilant today over receipt of the Lee county portion of the state distributive fund from Secretary of State Emmerson. Not only should the county superintendent feel gratified but all who are interested in the schools of the county because the fund this year represents an increase of about 45 per cent of that paid in any former year.

The state has turned over to Lee county a total of \$22,447.31. The marked increase in this amount is due to the fact that the last general assembly increased the state distributive fund from four to six millions. The amount has been apportioned out at a rate of \$2.10 per pupil for every person in the county under 21 years of age, estimated according to the last school census. Last year's proportionate rate amounted to \$1.41 per pupil.
